

Where you Can and Cannot Travel

The ultimate reason to hire a 4WD Campervan is the ability to drive on unsealed roads, **off the beaten track**, however, you must remember that you will not be permitted to drive the vehicle away from gazetted roads (i.e. not listed on a map or maintained by council) such as cross-country, on bush tracks or on beaches unless you are driving for a short distance (less than 1 kilometre) directly to a public accessible camp site.

Prohibited Areas

The roads in Australia that you are strictly **not permitted to travel** on are –

- The Canning Stock Route (WA)
- Lost City in Litchfield Park (NT)
- Boggy Hole in Finke Gorge National Park (NT)
- Old South Road from Maryvale to Finke (NT)
- The abandoned section of the Gunbarrel Highway (WA, NT)
- The last 2kms of the Lennard River Gorge Road (WA)

Permission Required

The following remote or island areas **are permitted** to be accessed by a 4WD Campervan with **prior permission of WA Experts** at the time of pick up, as these roads are subject to become impassable during extreme weather conditions or your journey includes travelling on a ferry. You will be updated on the current road conditions at this time for your own safety. We reserve the right at our sole discretion to restrict vehicle movements in certain areas due to adverse road or weather conditions or any other safety concern. Permission will only be considered if applied for at time of booking and can be withdrawn at time of pick-up. For some sections you will also need permits, please contact us to help you organise these.

- Any Island, e.g., Kangaroo Island (SA)
- Simpson Desert (NT, SA)
- Oodnadatta Track (SA)
- Birdsville Track (SA)
- Tanami Track (NT, WA)
